Bowser Companies: 4.8%

Stocks gradually gained and hit new all-time highs. The Russell 2000 Index continued to outperform and is on pace for another record-setting month. The energy and technology sectors each gained over 3%. Additionally, cryptocurrencies showed more relative strength as Bitcoin hit a new all-time high.

Bowser stocks (up 4.8% for the week) were led by Clean Energy Fuels Corp. (CLNE), which trended higher following positive commentary from multiple analysts. Overall, it was another bullish week for small cap stocks as a whole.

Company Headlines

- **Monday: Clean Energy Fuels (CLNE)** announced that the Los Angeles County Metropolitan Transportation Authority (Metro) has signed a new agreement for an estimated 47.5 million gallons of its renewable natural gas to fuel the nation's largest transit bus fleet. **Manhattan Bridge Capital (LOAN)** declared a dividend of \$0.11 per share to be paid to all shareholders of record on April 9, 2021.

- **Friday: No significant news.**

Bowser Notes

Clean Energy Fuels Corp. (CLNE) continued to run up following positive analyst commentary and news. The company announced that the Los Angeles County Metro has signed a new agreement for an estimated 47.5 million gallons of its renewable natural gas. This news in combination with the recent shift in political climate just reassures long-term investors of the company's potential.

Bowser stocks had multiple positive headlines this week and maintained momentum following strong earnings results. As expected, RADA crushed earnings estimates yet again and reported outstanding growth. ELMD also reported double-digit revenue growth and the stock popped up to its 200 daily Simple Moving Average.
