-----------------------	------------------------------	-------------------------	---------------------------

**Bowser Companies: 5.8%**

**Major indices pulled back and volatility spiked following multiple negative headlines.** For the first time since the global pandemic began, Federal Reserve Chairman Powell stated that inflation was no longer "transitory." In addition, headlines regarding the Omicron variant also sparked a selloff and were followed up by weak jobs data on Friday.

Bowser stocks (**down 5.8% for the week**) underperformed and recorded a third consecutive week of losses. Energy stocks **ENGlobal (ENG)** and **WidePoint (WYY)** also lagged following a high volume selloff from the energy sector as a whole. **TOMI Environmental (TOMZ)** was this week's top gainer as COVID-19 concerns are ramping back up.

## Company Headlines

- **Monday: cbdMD (YCBD)** announced their multi-year exclusive agreement with Amify, an Amazon.com platform partner, to prepare for the inclusion of CBD products within the Amazon marketplace. YCBD also hired of Dave Johnson as the senior vice president of business development. Lastly, the company commenced a preclinical human study with researchers at the University of South Carolina.
- **Tuesday: TRxADE HEALTH (MEDS)** launched its TRxADE Discount Card.
- **Wednesday: ClearOne (CLRO)** was awarded two new patents relating to power over ethernet by the US Patent and Trademark Office, Patent #11,181,959 and Patent #11,188,133. **Liberated Syndication's (LSYN)** November podcast advertising rates remained relatively flat.
- **Thursday: Safe Bulkers (SB)** entered into agreement for the acquisition of a Japanese dry-bulk 82,000 dwt, Kamsarmax class vessel with scheduled delivery date within the fourth quarter of 2023.
- **Friday: Information Analysis (IAIC)** is restructuring and reorganizing its legacy services business and appointing new board members to better align with its vision for future growth.

## Bowser Notes

**TOMI Environmental Solutions (TOMZ) finally recovered some of its losses and briefly broke above \$2 per share.** Keep in mind that there was not any news from the company itself, and the stock is just moving on speculation regarding the new COVID-19 variant. However, it is worth noting that TOMZ traded its highest weekly volume ever and closed at a 10-week high.

**The November issue of the Low-Priced Investment Ideas Database published on November 30.** It is the first edition of the new format, which features only the top-rated, profitable stocks that are trading for \$5 or less per share.
