Bowser Companies: 1.7%

Major indices dropped within 2% of their recent lows ahead of the 3-day weekend. International political headlines and anticipated rate hikes kept overall market sentiment bearish. There is more significant macroeconomic data coming on Tuesday and Friday.

Bowser stocks (up 1.7% for the week) delivered great results once again despite the low relative volume. Our latest recommendation, **Paltalk (PALT)**, showed strength following two new press releases regarding marketing strategies. **WaveDancer (WAVD)** also had a noteworthy positive headline, but ended the week lower due to market volatility.

Company Headlines

- **Monday: No significant headlines.**
- **Tuesday: Altigen Communications (ATGN)** enhanced its financial services solutions with voice print technology. **ClearOne's (CLRO)** patent no. 10,728,653 received confirmation from the US Patent and Trademark Office. **Paltalk (PLTK)** partnered with NoGood, a growth marketing firm, for its application. **PALT** also selected yellowHEAD, an AI-powered performance marketing company, for its Camfrog application. **WaveDancer's (WAVD)** groundbreaking supply chain management blockchain platform is being offered on Amazon Web Services (AWS) Marketplace for GovCloud to support secure supply chain requirements for critical government missions.
- **Wednesday: BGC Partners (BGCP)** reported revenue of \$461.6 million for 4QFY21, down 3% from \$479.4 million in the same period last year. **Safe Bulkers (SB)** is assessing the use of biofuels as alternative fuels.
- **Thursday: cbdMD (YCBD)** received validation of its Novel Food application from the UK's Food Standards Agency for its natural plant-based CBD formulation and is now the first American CBD brand to achieve this significant milestone. **Table Trac (TBTC)** signed an agreement to install the CasinoTrac management system at the Jail House Motel and Casino located in Ely Nevada. **TechPrecision (TPCS)** reported revenue of \$6.5 million for 3QFY22, up 82% from \$3.5 million in the same period last year.
- **Friday: No significant headlines.**

Bowser Notes

This week consisted of high market volatility and numerous headlines. **WaveDancer (WAVD)** announced positive news regarding its blockchain platform's availability for critical government missions. While the stock underperformed, it climbed 36% before giving back its gains. **TechPrecision (TPCS)** also traded unusually high volume following its quarterly earnings release. Although its net loss worsened, quarterly net sales were 82% higher due to the addition of the Stadco operation.
